APPLICANT'S STATEMENT AS TO SUBSTANCE OF INTERVIEW

This paper is filed in response to the Interview Summary dated 9-4-2007. A reply to the last office action has already been filed. Therefore, this paper is a supplementary response. The Examiner's summary of the interview was correct. However, in the interview, Applicant expressed that the claims (without amendment) are patentable over Maltby, but amendment was being proposed for other purposes, such as clarifying the statement of invention, and making explicit what was already inherent to the claims.

Respectfully Submitted,

Michael Glenn
